SMALL GROUP TOURING

provides many advantages

Our All Terrain 4WD smaller coaches have been specially designed to carry up to only 30 guests. A major benefit is that you'll feel like you're part of a family, not on a group tour. At every step of the way, you will enjoy the more intimate experience and added attention from your crew. Even better, our smaller coaches can access places that larger coaches can't.

The Journey of a Lifetime Travel in Australia's outback is enormously rewarding, but the isolation and huge distances that make it unique can often be unforgiving for individual travellers. Outback Discovery has planned each itinerary meticulously so that getting into remote areas is easy. Our holidays also represent great value for money with all meals and sightseeing included. You won't need to worry about a thing, and you will return home having seen and experienced more than you could ever achieve on your own.

Taking Care of Everything Outback Discovery guarantees that an experienced team of a Driver and a Tour Manager will escort you on every tour. Every Outback Discovery holiday is fully inclusive so that you get to visit all of the 'must-see' sights and important attractions, rather than just driving past. We have included all breakfasts, lunches and dinners, so you don't have to continually dip into your own pocket. On most days, we also include morning or afternoon tea. And you'll stay in a wonderful range of accommodation types, each chosen to suit the region you're in.

Complimentary Airport Transfers* If you travel on the first and last day of your tour or if you have purchased Outback Discovery pre or post tour accommodation, you will be provided with complimentary return airport transfers.

*For full terms and conditions please refer to pages 56-57.

THE KIMBERLEY

and Top End

The Kimberley sprawls across the far north-west of Western Australia and its vast landscapes are barely touched by man's activities. This is one of the world's last great wilderness regions and its appeal is in its spectacular natural beauty, timeless Aboriginal culture and the friendly, down-to-earth people who live and work here today.

In-depth Discoveries Our Kimberley Spectacular delves into the best of the Kimberley for 15 days, roundtrip from Broome, travelling along the entire legendary Gibb River Road through some of the most rugged country on earth. Or, combine the Kimberley and Top End on our 15 day exploration from Broome into the Northern Territory to Darwin, via Katherine Gorge and World Heritage listed Kakadu National Park. New for 2010, the opportunity to extend your holiday with a 10 night Kimberley cruise, which is a great complement to your land-based adventures.

Natural Wonders Your travels will reveal a pristine environment framed by endless horizons, ancient gorges, incredible geological formations and inviting freshwater swimming holes. Walk into the Bungle Bungles amidst immense orange-and-black striped rocks. Cruise past Lake Argyle's dramatic cliffs, home to freshwater crocodiles and thousands of wetland birds. The beauty of Geikie Gorge will take your breath away. Here you'll see multi-coloured cliff faces perfectly reflected in the river below.

Exotic Broome Once the pearling capital of the world, multi-cultural Broome drew people from around the world in search of a fortune. Today it's a lively town where locals and visitors are a happy mix. Pure white Cable Beach is just the spot to watch a fiery sunset over the ocean. At Gantheaume Point you can walk in the footsteps of dinosaurs and see their 130 million-year-old footprints preserved in rock.

Wolfe Creek Meteorite Crater

DAY 1 • BROOME

On arrival in Broome you will be met and transferred to your hotel. Enjoy some free time before meeting your Outback Discovery crew and fellow travellers during your welcome dinner this evening. **Overnight Stay:** Cable Beach Club Resort or Broome Sanctuary Resort.

DAY 2 • BROOME – FITZROY CROSSING

This morning we travel to Fitzroy Crossing on the border of the vast Kimberley and the Great Sandy Desert. This afternoon relax on a cruise through the sanctuary that is Geikie Gorge, where 30 metre steep limestone walls laid down over a period of 50 million years were formed by fossilised coral reefs. If you look carefully, you can see the markings of vastly different water levels during the dry season and the 'Big Wet'. Tonight we stay in lush green surroundings at the Fitzroy River Lodge on the banks of the Fitzroy River. **Overnight Stay:** Fitzroy River Lodge.

DAY 3 • FITZROY CROSSING – HALLS CREEK

The highlight of today's touring is a foray into the Great Sandy Desert along the famous Tanami Track where we will visit Wolfe Creek Crater, the second largest meteorite crater on earth. A short walk to the rim of the crater reveals an expansive view of the perfectly round impact site, which is 60 metres deep and nearly a kilometre wide. Then we continue on to Halls Creek for the night. Located on the boundary of the Kimberley and Tanami Desert, this outback town is the site of Western Australia's first commercial gold discovery. **Overnight Stay:** Comfort Inn Kimberley Hotel.

DAY 4 • HALLS CREEK – BUNGLE BUNGLES

This morning explore the old stone buildings at the Old Halls Creek town site and then on to the 'Great Wall of China', a 6 metre high quartz outcrop running along a line of hills to a river valley. Our vehicle turns off the Great Northern Highway and into World Heritage listed Purnululu National Park, home to one of Western Australia's most fascinating landmarks, the Bungle Bungle range. We head to the southern end of the Bungle Bungle range for a walk into majestic Cathedral Gorge, an acoustically magnificent natural amphitheatre. **Two Night Stay:** Bellburn Safari Camp.

DAY 5 • BUNGLE BUNGLES

This morning there is the opportunity of taking an optional helicopter flight over the magnificent Bungle Bungle range (at own expense). Seeing these incredible rock formations from the air gives a true sense of the scale of this incredible National Park. Today we drive to the northern end of the Bungle Bungle range for a memorable day of walks into two of the Park's best attractions. The first walk is into Echidna Chasm through a narrow gorge that reveals something new at every bend – it's like walking through a huge gap in the landscape with sunlight bouncing off the flaming red hues of the rock walls. After lunch, we set off along a creek bed into Mini Palms to a platform atop a scenic amphitheatre for views of verdant palm trees and the valley beyond.

DAY 6 • BUNGLE BUNGLES – KUNUNURRA

Shortly after rejoining the Great Northern Highway, we journey through the rugged red Carr Boyd Range. We then follow the Cockburn Range before reaching the port of Wyndham. A visit here is not complete without taking in the panoramic views of the region at the Five Rivers Lookout. You'll see for miles out across the Cambridge Gulf and the five rivers that flow into it - the Ord, Pentecost, Durack, King and Forrest. Continuing to Kununurra we will follow the Carr Boyd Range. Kununurra is a vibrant town at the centre of the fertile Ord River Irrigation Scheme which ships huge volumes of fruit and fresh produce to Australian and overseas markets. **Two Night Stay:** The Kimberley Grande.

DAY 7 • KUNUNURRA

We start this exciting day with a cruise from Lake Kununurra down the spectacular Ord River. Next we drive to the rebuilt homestead of the Durack family – Argyle Downs. After a visit to the homestead that is now a museum, we visit the Hoochery, the State's only licensed distillery where rum is produced from local sugar.

DAY 8 • KUNUNURRA – EL QUESTRO WILDERNESS PARK

Today our destination is El Questro Wilderness Park, a working cattle station set on a million acres. After we arrive, enjoy a cruise on Chamberlain Gorge, a freshwater hole enclosed

by a towering escarpment and home to incredibly diverse flora and fauna. This afternoon there is the chance of taking an optional helicopter flight over some of El Questro's many gorges and waterfalls (at own expense – subject to availability). Then it's on to the thermal pools at Zebedee Springs for a relaxing dip in this natural day spa surrounded by sheer cliffs and Livistona Palms. **Overnight Stay:** Emma Gorge Resort or Station Township.

DAY 9 • EL QUESTRO WILDERNESS PARK – MOUNT ELIZABETH STATION

This morning, enjoy the peaceful surroundings on an early morning walk to Emma Gorge. We then leave El Questro and travel along the Gibb River Road, originally a stock route across the Kimberley and more recently one of Australia's most challenging 4 wheel drive adventures. We'll cross the Pentecost River and many creeks on this journey to the family-owned Mount Elizabeth Station. This is a unique outback experience and your hosts will share their deep appreciation for the surrounding country and the knowledge gained from a lifetime spent living and working on a cattle station in this remote area of Australia. **Overnight Stay:** Mount Elizabeth Station.

DAY 10 • MOUNT ELIZABETH STATION – MOUNT HART

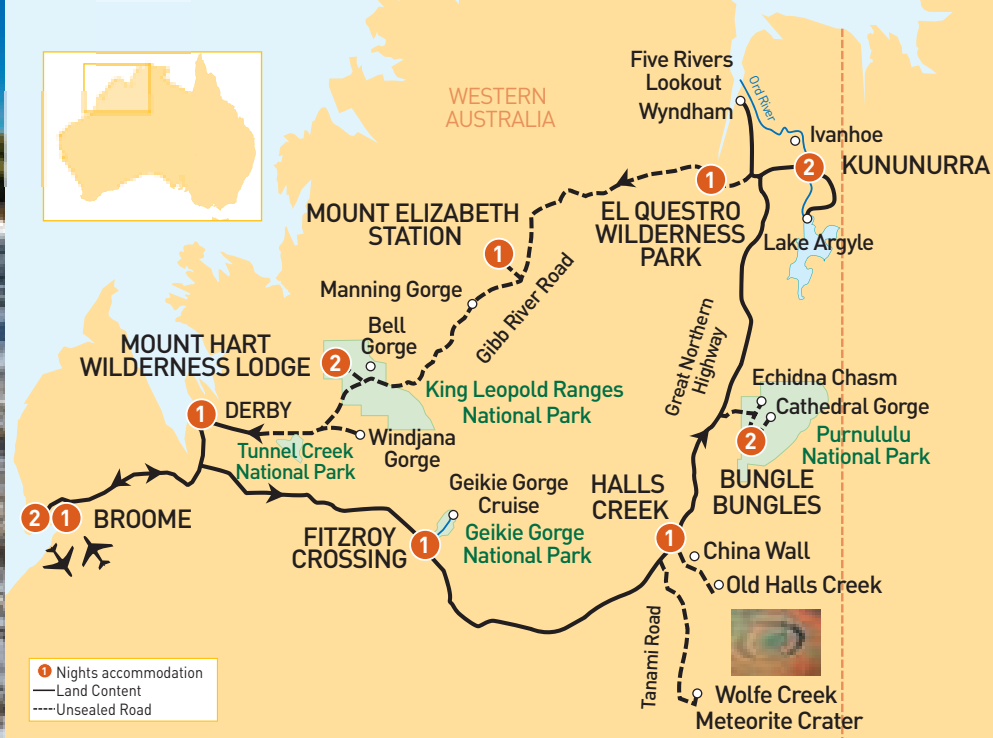

As we continue our journey along the Gibb River Road, enjoy a stop at Manning Gorge. Our drive then takes us past Silent Grove and on to spectacular Bell Gorge, located about 300 metres above sea level and the beginning of a series of waterfalls that descend to the ocean. Then we enter the King Leopold Ranges Conservation Park, home to Mount Hart Wilderness Lodge, set on a 10 acre oasis of beautiful lush tropical gardens and surrounded by stunning geological features, spectacular scenery, abundant wildlife and rare flora and fauna. **Two Night Stay:** Mount Hart Wilderness Lodge.

DAY 11 • MOUNT HART

Join your crew this morning on a walk to Mt Matthew Gorge. Here you can experience spectacular cascading waterfalls, explore the beautiful swimming holes or admire the fascinating array of bird and plant life. This afternoon is at leisure to relax and enjoy the peaceful surrounds of Mount Hart.

The Ord River

DAY 12 • MOUNT HART – DERBY

This morning it's back to the Gibb River Road and we visit Windjana Gorge, home to a large population of Johnston freshwater crocodiles which inhabit the waterhole. From here it's on to Tunnel Creek where you will enjoy a walk into Western Australia's oldest cave system. We continue to Derby, the main base for the Royal Flying Doctor Service in the Kimberley. **Overnight Stay:** King Sound Resort.

DAY 13 • DERBY – BROOME

On the road to Broome this morning, we will visit the famous Boab Prison Tree and Myall's Bore, where stockmen would take turns in watering their stock before loading them onto ships for export. During a guided tour and cruise at Willie Creek Pearl Farm, you will discover how the rare and beautiful Australian South Sea Pearl is produced. **Two Night Stay:** Cable Beach Club Resort or Broome Sanctuary Resort.

DAY 14 • BROOME

This morning enjoy a tour of the sights of Broome. Stop at Gantheaume Point for a great photo opportunity looking back across Cable Beach. We then visit the Broome Jetty and the Japanese Cemetery, a testament to the dangerous early days of the pearling industry as over 900 divers are buried here. View the Old Courthouse before your tour at the Pearl Luggers' Museum where you will learn of the perils of the deep and what made the pearl divers' life so hazardous. This afternoon, wander through the old buildings in Chinatown where many indigenous art galleries and pearl showrooms can be found. There is also the opportunity of taking an optional scenic flight over the picturesque Buccaneer Archipelago (at own expense). This evening's dinner is time to relive many memorable holiday moments and say farewell to your crew and fellow travellers.

QUEENSLAND

The Outback and Tropics

Queensland is Australia's favourite holiday state, but there's so much more than sun, surf and beaches. Venture inland or north to tropical Cape York, and you'll discover Queensland's unique outback.

Unforgettable Experiences There are unexpected adventures at every turn and Outback Discovery's Queensland holidays are packed with them. The Savannah Way stretches from Cairns to Broome and is 4,000 kilometres of iconic outback experiences. Travel from Cairns north through the inland to tropical Cape York and Thursday Island. Or come with us on the Outback Queensland Adventure to the 'big country' around Winton and Longreach in the far west of the state, then north to the shores of the Gulf of Carpentaria and Cairns.

Where else but Queensland On or off the beaten track, the true character of Queensland awaits in wide open spaces, tiny outposts and classic pubs. Tour the world's longest system of ancient lava tubes at Undara, visit Riversleigh Fossil Site to marvel at well-preserved dinosaur remains, try your hand at fossicking for gems in Emerald or stand at Australia's most northerly point, on the beach at the tip of Cape York. Stop for a beer or lemon squash at the Walkabout Creek Hotel, ride the historic Gulflander Train from Normanton in remote Gulf Country or join a guided walk through beautiful Carnarvon Gorge National Park.

Cruise the Great Barrier Reef Guests on our Cape York Expedition have the option of taking a four night cruise aboard the Coral Princess. You'll cruise past stark white coral cays along the Barrier Reef to Lizard Island. Whether you see the reef by glass bottom boat, snorkelling or diving, an incredible underwater world hides just beneath the water's surface.

DAY 1 • CAIRNS

On arrival at Cairns you will be met and transferred to your hotel. Enjoy some free time exploring the city, browsing in the shops along the esplanade or relaxing by the pool. This evening meet your Outback Discovery crew and get together with fellow travellers during your welcome dinner. **Overnight Stay:** Cairns Hilton Hotel.

DAY 2 • CAIRNS – CAPE TRIBULATION

Departing Cairns this morning, we drive north along the Captain Cook Highway to Hartley's Crocodile Adventures, the best place to see crocodiles and native wildlife in the tropical north. Take a boat ride on Hartley's Lagoon for a unique eco adventure and guaranteed sightings of crocodiles in their own habitat. Continuing north to Port Douglas you'll see some of Australia's best scenery where isolated beaches and the Coral Sea are fringed by hills covered in rainforest. We'll take a drive to the sophisticated holiday town of Port Douglas before continuing to Mossman, a quaint sugar cane town and the gateway to the Daintree River ferry crossing. Once across the river you will be in the oldest rainforest on earth, which was confirmed as a World Heritage listed area in 1988. At the Daintree Discovery Centre there is a wealth of information on the area's birds, butterflies and crocodiles. On the cleverly designed aerial walkway and canopy tower, you may be lucky enough to spot a cassowary on the banks of the creek below. **Overnight Stay:** Cape Tribulation Resort and Spa.

DAY 3 • CAPE TRIBULATION – COOKTOWN

Today we'll take the Bloomfield Track to Cooktown. Along the way you can see where the wet tropical rainforest literally meets the reef at the edge of the ocean. The drive is exhilarating with steep climbs and many creek crossings. We take a short diversion into the rainforest to see Bloomfield Falls, a roaring wall of water dropping 40 metres over the escarpment. We will be joined by a local Aboriginal guide from the Wujal Wujal Community who will share the spiritual links between this land and the people. Beyond the rainforest is the Lions Den Hotel, our lunch stop for today. This timber and iron hotel is a local landmark which has enjoyed a rich history since 1875. We'll stop to inspect the unusually formed black granite boulders of

the Black Mountain Range before arriving at Cooktown. Cooktown has over two centuries of rich history, starting with Captain James Cook beaching the Endeavour for repairs after striking the reef in 1770. A century later, the town's population increased massively during the gold rush. You will visit the James Cook Museum, housed in a 120 year old convent building and widely regarded as the best regional museum in Australia. At the Botanic Gardens you will see the exotic plant section, a 'palmetum' and native plants unique to this area. Our hotel is conveniently located on the main street, perfect for a late afternoon stroll. **Overnight Stay:** Sovereign Resort Hotel.

DAY 4 • COOKTOWN – LOTUS BIRD LODGE

UNESCO rates Cape York's Quinkan region among the world's top 10 prehistoric rock art areas. We'll visit a fine example this morning at the Split Rock Aboriginal art site near Laura. We then drive to Old Laura and the abandoned homestead, a rare surviving example of an early Cape York Peninsula pastoral station. The house, outbuildings and yards are still structurally sound and in original condition. Further north we enter Lakefield National Park. The Park is renowned for its vast river systems and spectacular wetlands and the landscape is of major Aboriginal cultural significance. This afternoon you'll see the ruins at Breeza Plains before we arrive at Lotus Bird Lodge for some true Cape York country hospitality. You will stay in individual pole style cabins set amongst shady eucalypts along the inner bank of a large horseshoe shaped billabong. Tonight we'll have dinner overlooking the billabong. **Overnight Stay:** Lotus Bird Lodge.

DAY 5 • LOTUS BIRD LODGE – WEIPA

After leaving Lotus Bird we rejoin the Peninsula Developmental Road at Musgrave and drive north, passing through the town of Coen that grew up around a repeater station along the Overland Telegraph Line. We'll have lunch at the Archer River Roadhouse before crossing the river and continuing our journey to Weipa. Weipa is a mining town built to house employees and support staff who work at the largest bauxite deposit in the world. **Overnight Stay:** Albatross Bay Resort.

DAY 6 • WEIPA – MORETON TELEGRAPH STATION

Today you'll join a guided tour of the Weipa Township and mine, which gives an informative overview of the mining and shipping process. You'll see the bauxite operations, the enormous mining equipment, trucks, trains and other plant employed at Weipa. We'll then continue travelling north to the historic Moreton Telegraph Station, which was built in 1886 as part of the Overland Telegraph Line and converted to a homestead during the 1920's. Today, Moreton Telegraph Station offers comfortable safari tented accommodation set in peaceful surroundings located on the banks of the beautiful Wenlock River. **Overnight Stay:** Moreton Telegraph Station.

DAY 7 • MORETON TELEGRAPH STATION – PUNSAND BAY

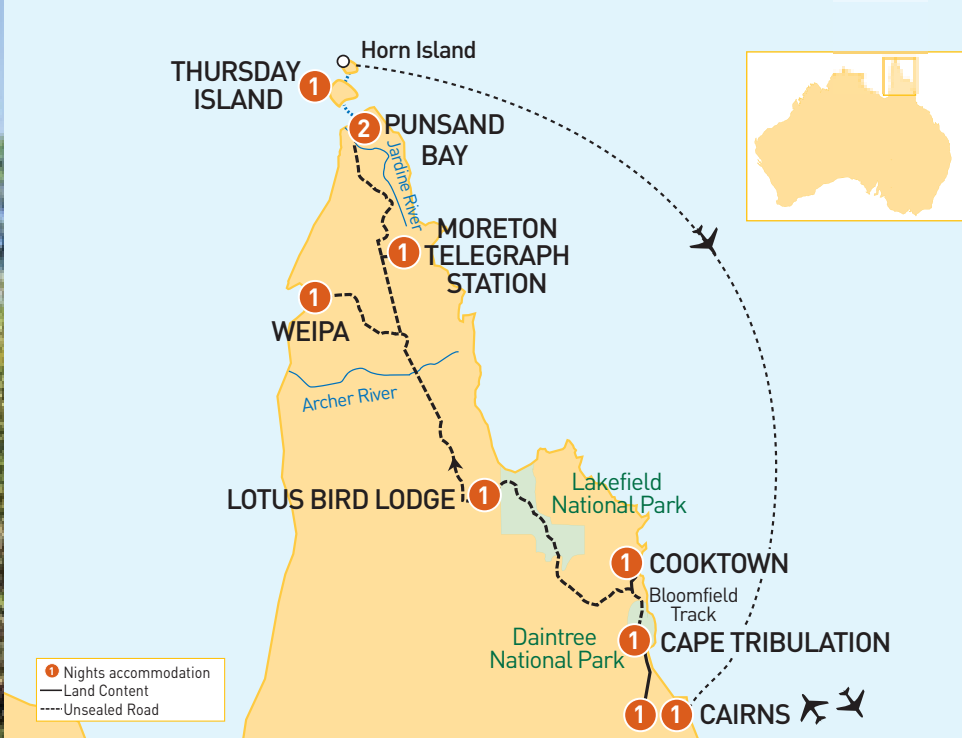

The track we take today is the Bamaga Road, as the original Old Telegraph Track is not always suitable for travel. After a bush morning tea stop we will travel to picturesque Fruit Bat Falls where you can take a plunge into the crystal clear spring-fed water or just relax on shore. We'll cross the Jardine River by ferry. The river is named after the great pioneering cattle family that began at a government outpost in 1864 when John Jardine was the police magistrate. As we take the short ferry trip across the river, keep an eye out for the huge crocodiles that inhabit the rivers in the Cape York region. We then travel through the Aboriginal communities of Injinoo and Umagico before we reach Punsand Bay Camping Resort which is ideally situated with 10 kilometres of beachfront where you can watch the sun rise over the Coral Sea in the South Pacific Ocean and set over the Arafura Sea in the Indian Ocean. **Two Night Stay:** Punsand Bay Camping Resort.

DAY 8 • PUNSAND BAY – TIP OF CAPE YORK

A short drive followed by a moderate walk is well rewarded today as you stand at the tip of Cape York, which is the northernmost point of the Australian continent and the surrounding peninsula, a wild and sparsely populated wilderness area. Its rugged coastline points towards New Guinea, while the eastern side is fringed by the Great Barrier Reef.

Cooktown

This afternoon we will visit The Croc Tent where you can find all sorts of Cape York memorabilia and information on the area. See the Lockerbie Ruins and World War II aircraft wreck site before returning to our accommodation for time at leisure before dinner.

DAY 9 • PUNSAND BAY – THURSDAY ISLAND

This morning board your ferry to Thursday Island. The island is 35 kilometres from the mainland and is the administration centre for the Torres Strait Islands. The heart of Thursday Island (traditionally known as 'Waiben') is its harbour, which was once home to a fleet of 150 pearl luggers. Commercial fishing and prawning are the main livelihood today. You'll enjoy a guided tour of the island and a highlight is the Gab Titui Cultural Centre that houses historical artefacts and tools, as well as both modern and traditional Torres Strait art. **Overnight Stay:** Jardine Motel.

DAY 10 • THURSDAY ISLAND – CAIRNS

A short ferry trip to Horn Island is a relaxing way to start the day. The island is just south of Papua New Guinea and the local lifestyle is a fusion of Melanesian and Australian Aboriginal cultures. On arrival you will be taken on a guided tour of the island and learn about its history. Horn Island came into prominence during World War II when it suffered eight Japanese air raids. Today, the island's small population relies on pearling and fishing. Your tour will visit the museum and art gallery in the small town of Wasaga, as well as some World War II sites. This afternoon board your flight from Horn Island to Cairns (included in tour fare). This evening's dinner is time to relive many memorable holiday moments and say farewell to your crew and fellow travellers. **Overnight Stay:** Cairns Hilton Hotel.

This morning after breakfast you will be transferred to the airport for your homebound flight.

Opportunity to add a Great Barrier Reef Cruise to this holiday. Please see page 53 for itinerary.

AUSTRALIA

The Sunburnt Country

New Coast to Coast Adventure In 2010 join Outback Discovery to travel from the shores of the Pacific to the Indian Ocean in an epic 21 day journey through the very heart of our wide, brown land. This holiday from Brisbane to Perth is something that many Australians long to experience, as we'll be travelling to some of the country's most hard-to-reach places as well as Alice Springs and Uluru in the red centre.

Diverse Choices The underlying theme of Australia's outback is constant, regardless of where you travel. You'll find it in the rich Aboriginal culture, deceptively lifeless deserts blooming with wildflowers, craggy mountain ranges, miles of pristine coastline and abundant pastoral properties. Cross the infamous Nullarbor from Perth to Sydney in 17 days via Flinders Ranges National Park and Broken Hill. Our Grand Australia holiday is exactly that – a 33 day journey that winds its way from Sydney to the far west of New South Wales and Queensland, into the red centre and across the Northern Territory to the Kimberley and Broome and north to tropical Darwin. You're welcome to join our Nullarbor crossing and Grand Australia holidays for a shorter segment if your time away is limited.

Wildflowers, Rugged Outback and Sea Lions The southern corner of Western Australia is the focus of our 15 day South West Explorer holiday with the departures timed to coincide with the annual desert wildflower season. From Melbourne we'll take you on a 14 day loop around outback Victoria, South Australia and New South Wales. Exciting highlights include Coonawarra's wine country, the penguins and sea lion colonies on Kangaroo Island, the Flinders Ranges and Arkaroola, the thriving art scene in Broken Hill and World Heritage listed Mungo National Park.

DAY 13 • GERALDTON & KALBARRI NATIONAL PARK

This morning discover magnificent Kalbarri National Park which covers 183,000 hectares. Marvel at nature's ability to carve the landscape. Explore the depths and heights of the river gorges and sea cliffs and admire the floral beauty of the vast, rolling sand plains. This afternoon enjoy a guided tour of the HMAS Sydney II Memorial which was erected to honour the 645 Australian sailors who were lost off the Western Australian coast during a World War II battle in November 1941.

DAY 14 • GERALDTON – PERTH

Today visit the Western Flora Park and take a tour with internationally recognised wildflower expert Allan Tinker. Described as the 'wildflower wizard' and having three wildflower species named after him, your tour will provide a unique insight into the wonders of Western Australian wildflowers. We then visit Nambung National Park, home of the Pinnacles. These limestone pillars rise up to four metres high out of the sand like ancient ruins. The raw material for the limestone came from seashells which were brought ashore by waves thousands of years ago and then carried inland by the wind to form high mobile dunes. Over time the elements have removed the surrounding sand, leaving the pillars exposed. Continue to Perth where you'll say farewell to your crew and fellow travellers at this evening's dinner. **Overnight Stay:** Novotel Langley Perth.

DAY 15 • PERTH

The holiday town of Torquay is Australia's surfing capital and the official start of the Great Ocean Road. The views are the most spectacular on the winding stretch between Lorne and Apollo Bay. We're now on the Shipwreck Coast, named for the large number of ships that were lost here. **Overnight Stay:** Country Comfort.

DAY 3 • WARRNAMBOOL – COONAWARRA

As we leave Warrnambool, we'll go koala spotting at Tower Hill, a dormant volcano that last erupted 30,000 years ago. Our next stop is a visit to the fishing town of Port Fairy, one of Victoria's earliest ports which still boasts original colonial architecture. This afternoon we cross the South Australian border into a region renowned for geological features created after extensive volcanic activity. At the Umpherston Sinkhole you'll see the beautiful sunken garden. The streets and houses of Mount Gambier are built around the slopes of an extinct volcano, with the city extending almost to the lip of the famous Blue Lake. We continue to the historic township of Penola and the Mary MacKillop Interpretive Centre and The Woods MacKillop Schoolhouse. **Overnight Stay:** Chardonnay Lodge.

DAY 4 • COONAWARRA – KANGAROO ISLAND

tea on the banks of the Murray River at Taillem Bend. At Cape Jervis we'll board the ferry to Penneshaw on Kangaroo Island. **Two Night Stay:** Kangaroo Island Seafront Resort.

DAY 5 • KANGAROO ISLAND

Kangaroo Island offers a breathtaking diversity of natural environments - secluded beaches, farmland, charming hamlets and dense forests. Our encounters with the island's wildlife will include a walk amongst sea lions lolling on the beach and a visit to Cape De Couedic Lighthouse to see New Zealand fur seals frolicking in the Southern Ocean swell. Tonight we'll watch penguins returning to their burrows after their daily fishing expeditions (colony numbers may vary depending on the season).

DAY 6 • KANGAROO ISLAND – ADELAIDE

We return to the mainland by ferry this morning. We'll enjoy some free time at the coastal township of Victor Harbour which stands on Encounter Bay. We then continue through Goolwa and on to Adelaide. The generous boulevards, historic churches and elegant architecture of Adelaide reflect South Australia's strong European heritage. **Two Night Stay:** Hilton Adelaide.

DAY 7 • ADELAIDE

This morning we'll visit the lookout on Montefiore Hill, site of the life size bronze statue of Adelaide's founding father, Colonel William Light. Then we'll drive to the trendy coastal suburb of Glenelg, Adelaide's most popular beach. Afterwards we'll enjoy wine tasting at one of the Barossa Valley's prestigious wineries.

DAY 8 • ADELAIDE – WILPENA POUND

Today we leave the city behind for the Flinders Ranges and the outback. On the way we'll call in at the historic copper mining town of Burra where a local guide will escort you on a tour of the town. DAY 9 • WILPENA POUND – ARKAROOLA

Wilpena Pound is the centrepiece of the Flinders Ranges National Park, recognised as one of the finest landscapes in Australia. It is rich in wildlife that has adapted well to the rugged mountains and gorges. After breakfast we'll take a short transfer before our walk up the ridge for spectacular views across the pound. We visit the old mining town of Blinman. The crumbling ruins of old cottages and the Blinman mine now form an historic town set in a sparse hilly landscape. It is gravel road all the way to Arkaroola Wilderness Sanctuary. Few other places in Australia offer such ease of access to so many sheltered waterholes, deep plunging gorges and breathtaking mountain top views of vast desert plains and distant salt lakes. **Two Night Stay:** Arkaroola Wilderness Sanctuary and Resort.

DAY 10 • ARKAROOLA

Today is a day of adventure and exploration. Travelling in a specially constructed open-top 4WD vehicle, you'll take a guided Ridgetop Tour of some of the most spectacularly rugged country on earth. Our local tour guides will share their knowledge of Arkaroola's 1,600 million year geological history as you navigate the steep slopes of the famous Ridgetop Track. Back at the resort you will have time to relax or take a stroll in the Wilderness Sanctuary. After dinner take in the millions of stars at the Arkaroola Astronomical Observatory, a rare opportunity to tour the universe from a location that provides some of the best viewing conditions in Australia. Later we'll take a drive out to the spectacular Living Desert Sculptures.

DAY 13 • BROKEN HILL – MILDURA

This morning we leave Broken Hill for Menindee, an historic small town located on the banks of the Darling River and home to the 'Menindee Lakes'. We then continue our journey into World Heritage listed Mungo National Park. The famous 'Mungo Lunette' was formed by sand swept up from the dried up lake floor and dumped on the shoreline, now the site of the spectacular 'Walls of China', carved from layers of the lunette and quite spectacular to view. **Overnight Stay:** Best Western Boulevard Motor Inn.

DAY 14 • MILDURA – MELBOURNE

We depart Mildura this morning and make our way through typical mallee country with extensive low scrub and open pine woodland.
